Circuits and Systems: An International Journal

Volume 2, Number 2/3/4, October 2015

SCOPE OF THE JOURNAL

Circuits and Systems: An International Journal (CSIJ) is an open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Circuits and Systems and Applications. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of Circuits and Systems and Applications.

All submissions must describe original research, not published or currently under review for another conference or journal.

Topics of interest include, but are not limited to, the following:

- Analog, Digital circuits and Signal Processing
- Biomedical Circuits and Systems
- Circuits and Systems for Communications, Video technology
- Computer Aided Network Design
- Digital Communications
- Multimedia , Nano, Giga scale Systems and Applications
- Neural Network Circuits and Systems
- Nonlinear Circuits and Systems
- Photonic and Optoelectronic Circuits
- Power and Energy Circuits and Systems
- RF and Wireless Circuits and Systems
- Sensing and Sensor Networks
- Simulation and Modeling
- Test and Reliability
- VLSI Systems and Applications
- Advanced Technologies and Trends

V.K.Manavalasundaram, Anna University, India

Weiming Xiang, Southwest Jiaotong University, China

Mohammad Gholami, University of Mazandaran, Iran

Faiz Rasool, Queens Academic Group, New Zealand

Guangdeng Zong, Qufu Normal University, P. R. China

P. Maurer, Baylor University, USA

Feng Jiang, Zhongnan University of Economics and Law, China

Huashan Liu, Donghua University, China

Juntao Fei, Hohai University, China

Aiguo Song, Southeast University, China

Hooman, National Taipei University, Taiwan

Paper Submission & Manuscript preparation Guide

Paper Submission

Authors are invited to Submit papers for this journal through [Submission system](#). Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process..

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:.

1. Accept
2. Accept with minor changes
3. weak Accept with major changes
4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well. Not revised well.

Copy Right Form

Email the journal secretary at csijjournal@airccse.com to receive the copy right form

Special Issue

CSIJ invite proposals for special issues on topics that fall within the scope of this journal. Please email your proposal to secretary@airccse.org
